

Travel to Darton College

Once you obtain your visa, please plan your trip to Darton early. Here are some guidelines.

1. Purchase an airplane ticket

We encourage all new international students to arrive on campus at least a week prior to the registration date. Please purchase the ticket all the way to the Albany (in Georgia) Airport (Airport code = ABY). It is ideal to choose a flight that arrives in Albany in the morning on a weekday. College offices and apartment management offices are only open on weekdays between 8am and 5pm. If you arrive after the normal business hours, you will probably have to wait to check-in the apartment until the next day. If you need to spend a night in Albany, here is a list of hotels that provide free ground transportation from the airport [please schedule hotel transportation arrangements when you make a reservation]:
