Listing and Description of Computer-Equipped Facilities

Table of Contents

1	Overview.....	2
2	Computer Classrooms	2
3	Computer Instruction	4
4	Computer Laboratories.....	5
5	Computerized Testing Centers	6

1 Overview

The purpose of this document is to provide a detailed listing and description of all campus facilities that are equipped with one or more computers and used for one or more of the following reasons:

- Classrooms equipped with multiple computers designated specifically for computerized instruction such as programming, networking, and word processing classes
- Classrooms equipped with one computer utilized by an instructor to enhance instruction computing- and non computing-oriented subjects
- Computer laboratories utilized by students for homework assignments, distance learning, and classroom supplementation
- Computerized testing centers utilized by faculty and staff to administer tests to students and the public

2 Computer Classrooms

Each academic building on campus has at least one computer-equipped classroom with up to 25 computers for use by students learning application software or programming languages.

B203

- **Capacity** 21
- **Make/Model** Dell OptiPlex GX260
- **Processor Speed** 2.4 GHz Pentium 4
- **Memory** 512 MB
- **Hard Drive** 40 GB
- **Operating System** Windows XP SP1
- **Printer(s)** HP LaserJet 4000N (for general use)
HP DeskJet 1220C (for AutoCAD use ONLY)

F201

- **Capacity** 24
- **Make/Model** Dell OptiPlex GX260
- **Processor Speed** 2.0 GHz Pentium 4
- **Memory** 256 MB
- **Hard Drive** 20 GB
- **Operating System** Windows 2000 SP3
- **Printer(s)** HP LaserJet 4050N

I107

- Capacity 19
- Make/Model Dell OptiPlex GX110
- Processor Speed 733 MHz Pentium III
- Memory 128 MB
- Hard Drive 10 GB
- Operating System Windows 2000 SP3
- Printer(s) HP LaserJet 4050N

I120

- Capacity 25
- Make/Model Dell OptiPlex GX400
- Processor Speed 1.5 GHz Pentium 4
- Memory 256 MB
- Hard Drive 20 GB
- Operating System Windows 2000 SP3
- Printer(s) HP LaserJet 4050N

J129

- Capacity 19
- Make/Model Dell OptiPlex GX400
- Processor Speed 1.5 GHz Pentium 4
- Memory 256 MB
- Hard Drive 20 GB
- Operating System Windows 2000 SP3
- Printer(s) HP LaserJet 4050N

- **Networking Class Computers**
 - Dell OptiPlex GX1, 400 MHz, 128 MB, 10 GB

J132

- Capacity 21
- Make/Model Dell OptiPlex GX260
- Processor Speed 2.5 GHz Pentium 4
- Memory 256 MB
- Hard Drive 20 GB
- Operating System Windows 2000 SP3
- Printer(s) HP LaserJet 4050N

- **A+ Breakdown Computers**
 - Dell OptiPlex GX1, 400 MHz Pentium II, 128 MB, 10 GB, Dual Boot (6)
 - Dell OptiPlex GX1, 400 MHz Pentium II, 128 MB, 6 GB, Dual Boot (6)

3 Computer Instruction

These classrooms have less than 5 computers in each room with at least one at the Instructor's workstation. They are to be used by faculty for computer-enhanced instruction and by students for class-related applications and research. Computers in these classrooms are a variety of OptiPlex models GX1, GX110, GX400, and GX260. Processor speed, memory, hard drive space, and peripherals will vary. The number of computers in each classroom is indicated in parentheses.

B Building

B104 - Dental Hygiene	(1)
B106 - EMS	(3)
B107	(1)
B117	(1)
B201	(1)
B209 - MLT	(4)
B219	(1)
B220	(1)
B221	(1)
B222	(1)

F Building

F102 - Music	(1)
F116	(1)
F203	(1)
F208	(1)
F211	(1)
F212	(1)

I Building

I105 - Biology	(4)
I106	(1)
I110 - MCSE/Networking	(20 – Dell PowerEdge 1400 servers)
I118 - Cisco Lab	(14 – servers and workstations)
I208	(1)
I209	(1)
I210	(1)
I218	(1)
I229 - Nursing	(4)
I230 - Nursing	(1)

J Building

J119	(1)
J219	(1)
J231 - Respiratory Care	(2)
J234 - Physical Therapy	(2)
J237 - Occupational Therapy	(1)

4 Computer Laboratories

The following computer-equipped classrooms are specialized for one purpose. Unless otherwise indicated, computers in these classrooms are a variety of GX1, GX110, GX400, and GX260 model OptiPlex computers. Processor speed, memory, hard drive space, and peripherals will vary. The number of computers is indicated in parentheses.

F Building

F115 - Music Lab	(8)
F119 - Art Lab	(9)
F202 - Writing Lab	(15)
F205 - Reading Lab	(15)
F216 - Math Lab	(10)

G Building

G101 - Central Computer Lab	(55)
G108 - Library	(14)

I Building

I110 - MCSE/Networking	(20 Dell PowerEdge 1400)
I118 - Cisco Lab	(X)

J Building

J117 - Continuing Education	(15)
-----------------------------	------

Mobile Labs (Notebook Computers)

Biology/A&P	(8)
Chemistry	(8)
Continuing Education	(45)

5 Computerized Testing Centers

Testing centers are utilized by students when taking placement and certification tests as well as for tutoring purposes. Computers in these rooms are a variety of GX1, GX110, GX400, and GX260 model OptiPlex computers. Processor speed, memory, hard drive space, and peripherals will vary. The number of computers is indicated in parentheses.

C Building

C144 - Peer Tutoring Center	(6)
C201 - Psychometric Testing	(15)
C205 - MOUS Testing	(2)
