

BUSINESS COMPUTER SYSTEMS (0576)

A+ Specialist Option (4576)

NAME _____

ADVISOR _____

A prerequisite class, CISM 2201 – Fundamentals of Computer Applications, must be completed with a grade of "C" or better before entering this program of study.

For a student to obtain the Darton College A+ Specialist Option Certificate, the 30-32 hours listed below are required. Note, however, that the only courses necessary and directly related to preparing for the two parts of the CompTIA A+ certification are COPR 2250 – Computer System Support I and COPR 2251 – Computer System Support II.

Fall Semester - 15-16 Hours		Sem. Hrs.	Term	Grade
COPR 2244	Introduction to Networking	4	_____	_____
COPR 2250	Computer Systems Support I	3	_____	_____
*Electives: 8 - 9 Hours				
_____	_____	___	_____	_____
_____	_____	___	_____	_____
_____	_____	___	_____	_____
Spring Semester - 15-16 Hours		Sem. Hrs.	Term	Grade
COPR 2245	Networking I	5	_____	_____
COPR 2251	Computer Systems Support II	3	_____	_____
*Electives: 7 - 8 Hours				
_____	_____	___	_____	_____
_____	_____	___	_____	_____
_____	_____	___	_____	_____

**Choose from any COPR prefix courses as approved by advisor.*

Note: Students cannot receive credit for COPR 2255, COPR 2256, or COPR 2257 if the course content repeats any portion of another course they have taken, are taking, or need to take

ONE-YEAR TOTAL

30-32
